

20 Year Non-Prorated Limited Warranty

Woodguard is the leading manufacturer of MAINTENANCE-FREE polymer coated building material products. Woodguard warrants that our polyethylene coated lumber will not be defective in manufacturing due to rotting, peeling, blistering, cracking, rust, corrosion from the effects of salt water and termites for a period of 20 years from date of purchase. Colors other than white can fade naturally over time. This warranty explicitly excludes fading on non-white colors.

This warranty does not extend to damage caused by improper application, installation without the proper use of end caps and proper caulking, or use, abuse, accident, alteration, negligence or acts of God. There are no other express warranties except as stated herein. This warranty is issued to the original purchaser and is non-transferable.

If the product should fail to conform with this warranty, Woodguard shall repair or replace the defective parts at its discretion. The purchaser shall provide Woodguard with written notice of the failure, along with proof of purchase and the nature of the defect. Woodguard reserves the right to inspect the material at its plant to determine the validity of a claim. If it is valid, the removal and re-installation costs of the materials are the responsibility of the purchaser.

The above constitutes the complete warranty by Woodguard and no other agreement, written or implied, is valid. No person is authorized to change or modify this warranty. Recovery for consequential or incidental damages are hereby excluded. This warranty gives you specific legal rights and you may also have other rights which vary from state to state.
